Spektrum Smart Checker Update instructions and Change Log 2019 – July – 15

Items Needed to Perform Update

- A Windows Operating System PC (Windows 7 and up)
- A Micro USB cable
- Spektrum Smart Battery Checker XBC100

Step by Step

Download the latest XBC100 updater here

Once downloaded extract the .ZIP file to a location that you can easily find, we suggest the Desktop

Locate the SCU.exe file and open/execute

You will be presented with this screen

- Plug in a battery into your Smart Checker
- Then plug in the Micro USB into the Smart Checker
- The lower portion of the screen will then display the Device and App version currently on your XBC100
 - IF the device does not connect click the Driver button to install the appropriate driver
